ACTIVITY OPTIONS (PLEASE CHOOSE 1):

Summer Shades Design Shop

Just in time for summer sun, each partygoer will design colorful, one-of-a-kind sunglasses, along with artful zipper pouches to bring them home in.

Ice Cream Party

In this art & play experience, children will begin by creating colorful ice cream cone wall hangings using a variety of art materials. Then we'll dig in for some sensory play fun as we craft sweet treats in 3D using Scribble Dabble Dough (our homemade, food grade playdough) and an assortment of "toppings" & miniature play pieces. Each child will go home with their artwork and playdough sensory jar.

Dancing Robots

Welcome to the Scribble Dabble Robot Lab! Little creatives will choose from a selection of robot parts, add color & details using a variety of art materials, and assemble their wiggly bots for our robot dance party.

(Note: not available for party boxes)
